freshii workers union

FIGHT. ORGANIZE.

labor donated

Are you tired of...

Working hard for low wages? Everyone deserves a living wage! While Freshii reported $31.6 Million in sales last year, workers' incomes are well below the poverty line!

Not having control over your schedule? Working hectic, irregular, or insufficient hours can be hell on your private life and ability to perform at work!

Fearing the loss of your job every time you're sick? Without sick days, every worker chooses between losing needed wages or working through an illness.

TAKE ACTION! Join the IWW Freshii Workers Union and FIGHT for what you deserve!
